**DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE**

This is a tall, three story brick detached house, three bays wide, with a one story, one bay wide, side office extension. The house is approximately four bays in depth with a 2-1/2 story brick "L" shaped wing two bays square and a one bay square brick rear extension. The side office is backed by a two story, one bay square frame extension. All brickwork is in common bond. A round arched doorway occupies the right bay with double paneled doors, dentiled transom bar, and a granite sill. The first floor of the house contains tall windows with two row header segmental arches on the front, and all front and side windows are of 1/1 sash. Those on the upper stories are shorter with wood lintels and sills. The wing and extension has 6/6 sash windows with wood lintels and sills with a four pane window in the end of the wing attic. The side office has a narrow door and small window unit. The front section roof slopes to the rear and the wing has a steep shed roof. The front cornice is boxed with a wood frieze and supported by cyma curved brackets with larger brackets at the ends. The office is headed by a flat parapet with a brick frieze and dentil trim. The building sets on a low fieldstone foundation.
